SUMMARY

UX/UI Designer with a strong foundation in project management, skilled at creating user-centered digital solutions that drive adoption and improve business outcomes. Experienced in wireframing, prototyping, and usability testing, with hands-on expertise designing enterprise tools, AI-powered chat features, and mobile-first interfaces. Known for translating complex business requirements into intuitive experiences, streamlining workflows, and improving usability metrics. Brings the added value of project leadership to guide cross-functional teams from concept through delivery.

Mobile-first App Design

Designed a multi-user platform for showcasing makeup artists.

EDUCATION & CERTIFICATIONS

Full Stack Web Development – UPENN Coding Bootcamp

Associate of Science, Graphic Design – The Art Institute of Philadelphia

EXPERIENCE

Nov 2021 – Present

Comcast – Project Manager | UX/UI Designer

- Led design and launch of enterprise UX/UI solutions including AI-driven widgets, mobile-first redesigns, and internal platform enhancements.
- Created wireframes, prototypes, and high-fidelity mockups in Figma to improve usability and brand alignment.
- Managed Agile workflows tracking progress with Smartsheet and Jira.

Sep 2020 – Nov 2021

Comcast – Project Manager (Contractor) | UX/UI Contributor

- Partnered with designers and analysts to translate user needs into user flows and wireframes; facilitated UAT and feedback cycles.
- Coordinated Agile sprints, backlog priorities, and release timelines while reporting status to leadership.

Nov 2018 – Jul 2020

Telerx – Project Manager | Business Analyst | UX Contributor

- Bridged clients, developers, and internal teams to deliver user-centered CRM upgrades and digital solutions.
- Gathered requirements, mapped user journeys, and conducted process testing to identify usability pain points.
- Designed IVR call flows and visualized system logic in Visio for improved customer interactions.

Earlier roles include: Procurement Specialist, Help Desk Analyst and Facilities Specialist
